Do's and Don'ts

Table of Content – Do's and Don'ts

1. Guidelines – Before the Assessment
2. Guidelines – On the day of the Assessment

[Return to Main Page](#)

Guidelines – Before the Assessment

- ✓ Students can write their examinations by using their Laptop / Desktop at a specified time. Webcam connectivity is a must during the examination.
- ✓ Check 'System Specification' document and install SAB tool
- ✓ Students are required to ensure that both Webcam and Microphone are working properly
- ✓ If you have a laptop but suspect that uninterrupted internet connectivity is questionable in your area, it is recommended that you use your phone's hotspot to provide either a primary or a backup connection to your laptop.
- ✓ Google Chrome browser (latest version) must be installed in Laptop/Desktop.
- ✓ It is important to install SAB tool at-least 4-5 days before the actual assessment day

[Return to Main Page](#)

[Return to Table of Content – Do's and Don'ts](#)

Guidelines –On the day of the Assessment

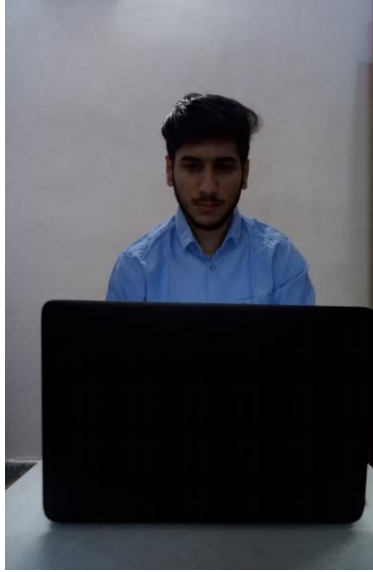

- ✓ Please sit in a quiet room with no background noise or people around.
- ✓ Ensure proper lighting in the room – **Source of light must not be behind you.**
- ✓ Please ensure the wall behind you has a plain background with no objects hanging on it.
- ✓ Plan to start your system on the test day 15 minutes before the scheduled time. Start Assessment on time, you will not be allowed to appear after the scheduled time
- ✓ For the entire duration of the assessment, please remain seated in front of your webcam
- ✓ If you face any technical issue during the assessment, please refer to the FAQ Document. If not resolved, then contact your placement coordinator via email/call/message from another device
